

LETTER OF APPRECIATION AND RECOGNITION FOR LOGISTICAL SUPPORT

Bogota, October 15, 2026

Forward System Group

Doral, Florida, United States

Subject: Appreciation and Recognition for Logistical Support Provided

Dear Forward System Group Team,

I would like to express my sincere appreciation to Forward System Group for the professionalism, expertise, and responsiveness demonstrated during the international transportation of an APG-66 radar system intended for the Colombian Air Force, as part of a bilateral cooperation initiative between the Governments of the United States and Colombia.

Between November 2021 and January 2022, this operation required specialized logistical coordination, careful handling of sensitive equipment, and timely execution in support of a high-level U.S. Government visit to Colombia.

Forward System Group's extensive experience in international transportation, aerospace cargo, sensitive and classified materials, and customs procedures in both the United States and Colombia was instrumental in facilitating this process. Your team's efficiency, attention to detail, and ability to respond promptly to the operational requirements contributed significantly to the successful and timely delivery of the equipment without incident.

I particularly appreciate the commitment and flexibility demonstrated by your team in managing a complex and time-sensitive operation. Your support was valuable in facilitating an initiative of importance to bilateral cooperation between the United States and Colombia.

Please extend my gratitude to everyone involved in this effort. I sincerely appreciate your professionalism and the outstanding support provided throughout this process.

Sincerely,

John J Daza
